Gagemaker FSTD-958L-B2>P110 or FSTD-958L-B2 | LTC Connection (8Round) MRP Setting Standards | Frame Standard - Box | Connection Size $9\hat{a}$

×

The MRP® crest diameter gauges are preset with frame style setting standards to allow for precise inspection of API threaded connections. These standards are made of a rigid, non-adjustable steel block that has been precisely sized with.0003-inch tolerances. Smaller than 238" round style standards are offered as specials.
