Elitech Temtop M10i | WiFi Air Quality Monitor | For AQI PM2.5 TVOC Formaldehyde | With Free Mobile App

New Wireless Brand Five-in-one air quality monitor: WiFi, TVOC, HCHO, PM2.5, and AQI.
The Temtop App allows for remote on/off functionality, real-time AQI monitoring, local weather forecast display, and more. assist Android or iPhone phones.
Simple to use, three steps to WiFi.
Third-generation laser particle sensor from Temtop; meets ISO quality standards; has a maximum lifespan of 20,000 hours. It improves the stability and accuracy of particle measurement when used in conjunction with the special particle swarm optimization method.
The best electrochemical sensor available from Dart UK is pre-calibrated and offers measurements of formaldehyde molecules with greater accuracy. Several different organic pollutants that are VOCs can be detected by its TVOC detect capability.

Specifications	Details
Battery Capacity	2200 mAh
Battery Life	6h on a single charge
Input	DC5 V; 0.5-1 A
Dimensions	82*82*31 mm
Weight	200g
Display	TFT Color Screen
Measuring range	PM2.5 : 0-999 ug/m3 HCHO : 0-2 mg/m3 TVOC : 0-5 mg/m3

P.O Box 25898 Sharjah
United Arab Emirates
